SEPT-JUNE: STATE STUDENT ADVISORY COUNCIL ON EDUCATION (SSACE)

In 1998, the CT State Legislature created the State Student Advisory Council on Education (SSACE) to give Connecticut students a voice in education planning and enable the state board of education, the commissioner of education, state department of education personnel, the governor, and state legislators to become familiar with high school students' perspectives on key issues. SSACE meets regularly with CAS director of student activities, the education commissioner, and on occasion with the Governor, to reflect student opinion on matters of concern to the state's high schools. The Council meets ten times per year. Members write position papers on important topics in education; conduct the statewide Challenge to Educational Citizenship Awards Program; and, through their discussions and activities, learn from each other about citizenship, leadership, and responsibility.

For the past 24 years, SSACE has dedicated monthly meetings to influencing legislation and adapting it to the changing needs of Connecticut students. It has conducted action research recommendations on critical topics such as reducing the achievement gap, reforming standardized testing, teacher diversity in schools, how to cultivate an interest in teaching in Connecticut, and instituting programs promoting health and wellness.

The monthly meetings for this school year are August 21, October 17, November 14, December 12, February 6, March 6, April 3, & May 22.

Applications for selections were sent to principals in May. For more information contact Cherese Odukwe at codukwe@casciac.org.

OCT-MAR: HIGH SCHOOL DEBATE

The Connecticut Debate Association (CDA) is the premier high school debate league in Connecticut. CDA has sponsored a regular program of competition for over 30 years.

Our debate format is cross-examination policy debate, but we change the resolution for each tournament and limit research so we have more in common with parliamentary debate at the high school and college level. The CDA season begins with a novice scrimmage in September to introduce new debaters to the format. We follow with tournaments one Saturday each month from October through March, followed by a state finals championship tournament. Debaters qualify for state finals by their performance at the monthly tournaments.

With as many as 500 debaters participating in some months, we run tournaments at two or three schools on each date to provide space for all, and, with luck, reduce travel time. Each tournament has a varsity and novice division to accommodate different levels of skill and experience.

Inquiries to Everett Rutan, Executive Director, at ejrutan3@ctdebate.org.

OCT-APR: MIDDLE SCHOOL DEBATE

The Connecticut Middle School Debate League (CTMSDL) is an organization that hosts competitive interscholastic parliamentary debate tournaments for middle school-aged students throughout Connecticut during the academic year. The year begins with a scrimmage in the early fall and continues with three tournaments throughout the year at host schools.

Middle school debate is the fastest growing student activity in CT! The CTMSDL follows the Middle School Public Debate Program (MSPDP) format begun in 2002 in Southern California. Motions to be debated are released weeks ahead of scrimmages and tournaments. On competition days, teams of three debate on both the proposition and opposition sides of the motion. High School debaters serve as judges whenever possible.

DEADLINE DEC 2: HEART OF THE ARTS

<https://casci.ac/10717>

The NFHS has developed its "National High School Heart of the Arts Award," which will be conferred to eight section winners as well as one national winner. The recipient must be an individual from a high school that is a member of an NFHS-member athletic or activity association.

For example, it could be awarded to an individual (or group) that:

- has demonstrated exemplary "heart," sportsmanship and/or citizenship
- has exceeded normal expectations in assisting others within the school or community; or
- has overcome adversity or a challenging circumstance.

In order to ensure the best use of funding, programs must be sustainable through future Board of Education budgets, have a broad and far-reaching impact, and address a need within the school, district, and/or athletic league. Awards made by the CAS-CIAC Endowment and Flanagan Grant Program may be used to expand existing programs in new and innovative ways, or develop other worthy projects or programs.
