2024-25 NATIONAL FEDERATION ICE HOCKEY RULE CHANGES

3-3-1 Change: Art. 1 ... Required equipment for goalkeepers shall include gloves, skates, stick, neck laceration protector, flapper-style throat protector, leg pads, padded hockey pants/hip pads, protective cup or pelvic protector, and chest and arm protector. In addition, HECC/ASTM full face mask and helmet with chin strap are required. Pants or socks shall be worn under leg pads to cover exposed skin on the legs. The headgear should be fastened in accordance with manufacturer's specifications, protecting the entire crown, front, temple and back of the head.

The neck laceration protector and the flapper-style throat protector must be separate pieces of equipment, shall not be modified from their original manufactured state, and shall be worn as intended by the manufacturer. The flapper-style throat protector shall be properly attached to the helmet or face mask.

PENALTY: Minor

Rationale: The health and safety of participants is paramount in the rules-writing process for the NFHS. While it may not happen often, lacerations and impact to the neck area are very dangerous. Youth hockey in the U.S. now requires neck laceration protectors and several state high school associations also require neck protection. The NFHS continues its mission to create an environment for participants centered around health and safety.

3-3-5 Change: Art. 5 ... If a goalkeeper's mask, helmet, neck laceration protector, flapper-style throat protector, or glove(s) is displaced, or a skate blade is broken or displaced, play shall be immediately stopped.

Rationale: The health and safety of participants is paramount in the rules-writing process for the NFHS. While it may not happen often, lacerations and impact to the neck area are very dangerous. Youth hockey in the U.S. now requires neck laceration protectors and several state high school associations also require neck protection. The NFHS continues its mission to create an environment for participants centered around health and safety.

3-4-4 Change: Art. 4 ... All players shall properly wear a neck laceration protector that shall not be modified from its original manufactured state, and shall be worn as intended by the manufacturer.

If a player's neck laceration protector is not being worn, or comes off while play is in progress, an official shall order the player to return to the player's bench and play may continue. If the player does not comply, play shall be stopped and that player shall be penalized.

The NFHS continues its mission to create an environment for participants centered around health and safety.

9-4-5 Change: Art 5. ... Control of the puck is the act of propelling the puck with the stick, hand or feet. Control of the puck is not lost when contact with the puck is made by an opponent, the boards or the net, provided the player in control of the puck continues propelling the puck.

Rationale: The usage of the terms possession, control, and possession and control were all used previously and language was inconsistent at times throughout the book. Adding the definition of both “possession” and “control” will create consistency as well as continue the current interpretation of the rules. The intent of this change is not to change the interpretation of the rules, but simply clarify the language within the current rules. Rules affected: 2-5-7; 4-7-9; 7-1-1, 2; 7-9-1; 7-17-2; 9-6-1, 2b.

9-4-6 Change: The last player to physically touch the puck with the stick or body shall be considered in possession of the puck. NOTE: A player can have possession of the puck without control, but cannot have control of the puck without possession.

POINTS OF EMPHASIS

The NFHS Ice Hockey Rules Committee continues in its belief that the main threat to the health of high school ice hockey is violent and reckless play. The safety and well-being of the participants is paramount and the primary focus of this committee. The committee has addressed the following areas to minimize dangerous, violent and reckless play.

1. Neck Laceration Protectors
2. Sportsmanship
3. Health and Safety
4. Officials: Game Management

1. **Scrimmages** – Teams must have a minimum of three (3) days of practice prior to scheduling a full team scrimmage. All sports teams and individual athletes must have a minimum of ten (10) physical/exertional practice days with their school before the date of the first scheduled competition. No team/athlete shall practice/compete with their school more than six (6) consecutive days to provide a day of rest. Saturdays, Sundays, and holidays may be used unless prohibited by local board policy. Sunday practices may be counted to fulfill the 10 day requirement.
2. **In an effort to promote good sportsmanship a reminder of two CIAC rules:** (4.0 Athletic Administration - 4.6.A. #3, #5 - Disqualification Rule)
 - Upon receiving a second disqualification for initiating a fight or retaliating in a fight (as determined by the game official), that student-athlete will be declared ineligible for the remainder of the season.
 - Any CIAC team that accumulates five (5) or more disqualifications during the regular season including the league’s tournament will be barred from CIAC post-season competition. All disqualifications must be reported to CIAC. Any misconduct or disqualification of a coach will count towards the team’s total number of disqualifications. Multiple disqualifications during CIAC tournaments are subject to disciplinary action by the CIAC sports committee and the CIAC Board of Control.
 - Refer to Item II, for Rule 13 which is specific to ice hockey and affects tournament status.

- **NFHS Ice Hockey Progressive DQ Penalties** – The NFHS hockey rule book includes a progressive DQ penalty structure that applies to all regular season games, league tournaments and the CIAC tournament.

First Disqualification - That game plus the next game;
 Second Disqualification - That game plus the next two games
 Third Disqualification - That game plus the next three games, and so forth

Please read the complete disqualification/ejection rule on pages 103-109 in the online CIAC Handbook.

3. **Schedules - Regular Season** – Schedules for all sports in which the CIAC sponsors championships must be submitted, and kept current when game dates and/or time change, via the password-protected online eligibility center. No games may be added to the schedule that count for the tournament after the first play date in ice hockey – DECEMBER 16, 2024.
4. **Students with Special Needs** – Coaches are reminded to inform contest officials prior to each competition of any student with special needs who could be competing in the contest when his/her disability could impact the individual’s performance or the conduct of the competition.
5. **Schools will be notified of the proposed 2025-2026 divisional placement by Friday, April 4, 2025.** The principal, athletic director, and coach of each ice hockey playing school will be notified of their team’s divisional placement at the conclusion of each season. The criteria for divisional alignment will be included with the proposed 2025-2026 divisions.
6. **Regular Season Overtime Procedures**

Games / Tournaments Played in Connecticut Against In-state or Out-of-state Teams – When Connecticut schools host in-state or out-of-state teams, the game is treated like all regular season games, and the CIAC regular season overtime procedure would apply (one 8 minute sudden victory period – first goal wins). If no team scores in this overtime period, the game is recorded as a tie. If your out-of-state opponent is prohibited from playing overtime by their state association, the game can be ended after regulation and recorded as a tie.

If it is a tournament played in Connecticut, and no team scores in the first 8-minute overtime, the game is recorded as a tie for CIAC tournament purposes and rankings. Then, you are permitted to play extra overtime periods or participate in a shootout, but regardless of who wins, the game is recorded as a tie.

3

7. **Out-of-State Regular Season Games** – When Connecticut ice hockey teams play a **regular season game on the road against out-of-state teams**, the game is treated like all regular season games, and Connecticut teams are permitted to play one overtime period only, as determined by the rules of the host school. **The score of the game at the conclusion of the first overtime will count for CIAC tournament purposes and rankings.** If your out-of-state opponent is prohibited from playing overtime by their state association, the game can be ended after regulation and recorded as a tie game.

Out-of-State Tournament Games - If it is a tournament game played out-of-state, CIAC has always permitted Connecticut schools to comply with the out-of-state tournament procedures. Therefore, if a winner must be determined, regardless of the overtime procedure used, including a shootout, the win or the loss is determined by the final score and the result counts for CIAC tournament purposes and rankings.

8. **Suspended Game (CIAC Tournament)** – By state adoption, during tournament play, any suspended game will be completed under the direction of the CIAC Tournament Director.

Suspended Game (Regular Season) – If, before two periods have been completed, a game is interrupted because of events beyond the control of the responsible administrative authorities (i.e., not involving the players) it shall be continued from the point of interruption. By state adoption, if the interruption occurs after two or more periods, the game is considered completed and the score shall stand.

II. Ineligibility for 2025 Tournament

Rule 13 of the CIAC Ice Hockey Tournament Rules indicates that a team will be declared ineligible if during the regular season, including league playoffs:

- a. It commits seven (7) or more major and/or misconduct penalties;
- b. It commits five (5) or more major and/or misconduct penalties if it is on probation.
- c. The first level of “boarding” only (5 minute major), equipment penalties and five minor penalties by a player in one game are EXCLUDED from the team count and will not affect tournament status or probation.

NOTE: With the exception listed in c, all penalties other than minors count toward team totals and affect tournament status and probation.

- ### III. Probation -- During the regular playing season, including league playoffs and state tournament matches major and/or misconduct penalties adding up to 5 or more will lead to a team’s being placed on probation. For a team already on probation a total of four (4) penalties other than minors may lead to extension of probation.

IV. CIAC Late Entry Policy

- No tournament entries will be accepted after the established deadline except those approved by the CIAC Board of Control.
- Corrections requested by a school to an entry form that was submitted by the established deadline but prior to seeding/pairing data being published on the web site, will be assessed a fee of \$50 per correction to a maximum of \$250.
- All requests for corrections must be submitted on a support ticket via the online eligibility center. **No phone requests will be considered.**

Tournament Regulations Violations – If a school fails to comply with tournament regulations which requires the CIAC tournament sports committee, central office staff, or the CIAC Board of Control to redo any portion of the tournament pairings or such non-compliance adversely impacts the management of the tournament, an administrative violation fee of \$500 will be imposed upon the school before entry into the tournament will be allowed.

V. **CIAC Tournament Site Media Policy** -- The CIAC places tremendous value on the role the media plays in promoting and highlighting high school sports. To that purpose CIAC tournament venues and hosts should make every effort to provide a working environment conducive to all media (print, broadcast and internet based) covering our events. The following are **minimum standards**, developed in consultation with the CIAC Media Advisory Committee, which should be provided for working media at all CIAC tournament sites:

- 1) A minimum of one hour following the conclusion of post-game interviews to write in the press box, press area or a suitable facility in close proximity to the site of the event (i.e. office, classroom, etc.).
- 2) Access to electric power (shared power strip, etc.).
- 3) Access to wireless internet service.

Site directors should communicate these requirements to any staff person who may be responsible for the administration of the event. If for some reason a site will not be able to provide these items for a contest, a site representative should inform the CIAC in advance and work with the media on site before the game and work to provide a reasonable solution to the issue. Members of the media who will be covering events are directed to contact the appropriate site director as far in advance as possible to inform them they will be at the event and discuss what arrangements will be made for working media at the site.

VI. **Sportsmanship** -- **Member schools are expected to conduct their relations with each other at all levels of competition in a spirit of good sportsmanship.** The school administration is responsible for the athletic program, including the policies and procedures relating to sportsmanship and the conduct of activities in the school. The CIAC “Class Act” standards will be used in all CIAC contests. The CIAC Standards for Sportsmanship as defined in the Class Act program are found at http://ciacsports.com/site/?page_id=10438.

VII. **Coaches Disqualification Penalty** – All coaches who are disqualified at any level will be suspended for the next two games (see page 104 in the CIAC Handbook), take two NFHS coaching courses (“Teaching and Modeling Behavior” and “Sportsmanship” and the school will pay a \$50 fine. In addition to the two-game suspension and fine, the CIAC reserves the right to review any incident that results in a coach’s disqualification and may assess additional game suspensions up to and including a one year ban. The fine and proof of taking the coaching courses must be submitted to the CIAC office before the coach can resume his/her coaching responsibilities.

2025 CIAC ICE HOCKEY TOURNAMENT RULES

Games played with non-member Connecticut schools shall **NOT** be considered in the rating of teams. CIAC member school must follow all other aspects of eligibility, discipline, etc., required by the CIAC. Games played against teams outside of Connecticut must be members of their respective state associations and this state association must govern the sport. A penalty report form of the governing body from the game site must be submitted with end-of-season report. All reportable/misconduct penalties shall be included in the end-of-season count.

1. Division Qualifications for 2025 Tournament

- a. The 2025 tournament will be operated in three (3) divisions.
 - b. A team must play a **minimum of twelve (12) games** and only the first two (2) games played with any single opponent will be included in the twelve games.

- o The tournament bracket in each division will be filled with 16 teams, except for Division I.
 - o Teams with a .400 or greater win percentage qualify first, then the sub-.400 teams with highest win percentages will be added until the field has 16 teams.

- a. Teams will be seeded in the tournament using the following formula:

Penalties must be reported for ALL tournament games, including league and CIAC tournaments and other championship games must be submitted online.

11. According to CIAC regulations, commercially manufactured throat guards designed specifically for ice hockey, are required equipment for all players, including goaltenders, during the regular season and tournament play. 12. Canceled Games / Forfeits – Member schools will be required to submit regular season schedules for all sports controlled by CIAC in which member schools participate. Determination of forfeiture will be based on this schedule.

On the eve of a tournament when there is not sufficient time for normal administrative procedures (72 hours) if a question of team forfeiture arises the Executive Director or his/her designee, in consultation with the Chairman of the sports committee affected and the principals of the two schools will make an appropriate ad hoc decision in consideration of the best interests of the tournament as a whole.
 - 4) **Member schools must make every effort to complete their season as scheduled, including make-up games. Any effort to gain an advantage in tournament play by not playing a game is unacceptable and is subject to action by the CIAC Board of Control. Cancellation of any regular season contest/make-up to play in a league tournament will not be allowed.**
 - 5) All games listed on the original schedule and submitted to the CIAC which are not played and have not been forfeited in accordance with this policy will be considered by each sport committee as no contest and shall not count for tournament qualification and rating unless it affects the minimum number of games required to qualify for tournament participation. In this instance the sport committee shall review the evidence submitted by the teams involved and may grant an exception from the minimum game number requirement. The minimum winning percentage as determined by the individual sports committee must be met under all circumstances.
13. Protests – Protests arising from the decisions, interpretations and misapplication of the National Federation or CIAC game rules by officials during the contest will not be considered. The decisions and interpretations of the rules by game officials are final.

HEALTH AND SAFETY

Coach Safety – It is recommended that all members of the coaching staff wear a HECC-certified helmet while on the ice for practice.

Player Safety/Dangerous Hits

- The purpose of a body-check is to gain possession of the puck, not to injure, punish or intimidate another player.
- Boarding and checking from behind are viewed as two of the most dangerous plays in the sport. Coaches and players must understand that the responsibility in this rule remains with the player approaching an opponent along the boards.
- The following are illegal and need to be eliminated from high school hockey:
 - Hits to the head
 - Fighting
 - Hits on defenseless players (blindside hits)
 - Late hits and unnecessary body contact

Concussion Recognition and Management – The NFHS has been at the forefront of national sports organizations in emphasizing the importance of education, recognition and proper management of concussions.

- Any player who exhibits signs, symptoms or behaviors consistent with a concussion shall be immediately removed from the game.
- State association protocol pertaining to concussion management must be reviewed and followed.
- Please review Rule 2-6-1 and the Suggested Guidelines for Management of Concussions on page 91. Additional concussion education can be found in the “Concussion in Sports” online course at www.nfhslearn.com.

Mouthguards

- Commercially manufactured mouthguards are widely accepted as effective and provide oral protection. This applies to all levels of contact sports. NFHS rules require mouthguards for no other reason than oral protection for student-athletes.
- For this concept to work, it requires buy-in from all constituents within education-based athletics.
- This includes students, parents, coaches, officials and school administrators.
- Enforcement of mouthguard rules primarily rests with the coaches and officials working cooperatively, emphasizing player safety.

Neck Laceration Protectors – All players and goalkeepers are required to wear neck laceration protectors. For the health and safety of all participants, all parties need to do their part that this piece of equipment is properly worn.

Volunteer Coaches – The State of Connecticut Department of Education does not distinguish between volunteer or paid coaches when considering certifications or responsibilities. All coaches who are responsible for, or instruct students in any way must follow Connecticut State Law for certifications and responsibilities. Therefore, volunteer coaches are required to obtain the same certifications as all other coaches.
